Paper-303

Study Objectives: This paper aims to provide students with an orientation to quantitative Research and to introduce the students with the important concepts, techniques and processes in quantitative research.

Learning Outcomes: As village-based fieldwork is conducted every year by the Dept. of Sociology, this paper will help the students to gather quantitative data from the field with the application of appropriate methods, research tools and techniques. The students can apply the empirical knowledge for conducting future research in different contexts.

Unit-I: Steps in Social Research & Research Design

- a. Formulation of Research Problem
- b. Review of Literature, Gaps and Debates
- c. Hypotheses, Research Questions and Objectives, Types of Data, Report Writing
- d. Research Design: Exploratory, Descriptive, Explanatory and Diagnostic

Unit-II: Sampling

- a. Rationale
- b. Types
- c. Sampling Error
- d. Survey Vs. Sampling Based Study in Sociology

Unit-III: Survey Research

- a. Techniques of Survey Research: Questionnaire and Interview
- b. Tools of Research; Preparation of Questionnaire and Interview Schedule
- c. Processing of Data: Classification, Tabulation and Interpretation
- d. Reliability & Validity, Scaling in Social Sciences

Unit-IV: Statistics in Social Research

- a. Measures of Central Tendency: Mean, Median and Mode
- b. Measures of Dispersion- Standard Deviation
- c. Correlation Analysis- Chi Square
- d. Quantitative Vs. Qualitative Research in Sociology
